

# REGULATIONS GORDOLA ADVENTURE PARK

## Important

To guarantee you a pleasant time, we remind you of the fact that moving from a tree to the other, several meters above the ground -**completely self-governing, self-secured and under your own responsibility**- is a risk activity which implies the respect of a certain number of rules and compulsory recommendations.

1. To be in good **shape, not to have heart trouble** and not to have taken substances that may alter your behaviour (e.g. alcohol, drugs, medicines etc). To **feel good** (in order to avoid panic attacks) and not to **suffer from vertigo**.
2. To follow the **compulsory introductory course** (briefing) that instructs you in the use of the installations and in the technique of evolution. To respect the safety conditions that are described and in particular to always be **double secured**. It is obligatory to **constantly be anchored to the safety cable**. On each game, **1 person only can go** at a time and on the platforms not more than **3 at the same time**.
3. To scrupulously use the **equipment of individual protection** that is given you after having paid the entrance ticket. To wear suitable clothes in relationship with this activity (in particular wear sport shoes). To tie up your hair and remove all the accessories that can get stuck (e.g. foulards, hats, earrings etc), to avoid taking objects of value (e.g. glasses, necklaces, keys etc) and in general, any objects that could fall while crossing between the trees.
4. Not to hesitate to ask for advice, to communicate any difficulty you may have, or to ask us for help at any time. Our saying is: **information, overseeing and help**.

## Practising this risk activity:

1. **You authorise us to:**
  - close the routes in case of bad weather conditions.
  - **exclude** those people who risk his/her and other people's life with their behaviour (e.g. not to follow the rules and the safety conditions), or who do not respect our observations. In such cases, no refund can be asked.
  - not to allow people who we judge do not meet the physical and mental requirements needed.
2. The Gordola Adventure Park **does not assume any responsibility** for accidents due to your act of negligence and your carelessness of the safety rules; for the loss or damage of personal belongings, or in general for other reasons.
